“If I were reincarnated, I would wish to be returned to Earth as a killer virus to lower human population levels.” Price Phillip, Duke of Edinburgh

The Global elites are aggressively pursuing a plan to significantly reduce the global population. Plans are NOW underway to depopulate the planet by billions people. Today many methods of depopulation are being implemented by the elite. The three major depopulation agents including: worldwide hunger (7-8 million deaths yearly), war (killing an average of half a million people per year), and diseases (2-3 million deaths per year).
Other methods include: Chemtrails and the use of nuclear and biological agents; poisoning and contamination of the food and water supply; pharmaceutical drugs; weather modification via HAARP which triggers earthquakes, volcanoes and tsunamis through electromagnetic psychotronic weapons; the promotion of homosexuality and the spreading of AIDS; forced sterilization in countries such as China; vaccinations; abortion; euthanasia; Obamacare death panels; and the list goes on.

The elite are signing deals with the devil and have made the contract for GLOBAL extermination:

“First, we’ve got population. The world today has 6.8 billion people. That’s headed up to about nine billion. Now, if we do a really great job on new vaccines, health care, reproductive health services, we could lower that by, perhaps, 10 or 15 percent, but there we see an increase of about 1.3.” Bill Gates TED Talk

“If I were reincarnated, I would wish to be returned to Earth as a killer virus to lower human population levels.” Price Phillip, Duke of Edinburg

“Depopulation should be the highest priority of U.S. foreign policy towards the Third World.” Henry Kissinger

“Society has no business to permit degenerates to reproduce their kind” Theodore Roosevelt

“A total world population of 250-300 million people, a 95% decline from present levels, would be ideal.” Ted Turner, in an interview with Audubon magazine
“There is a single theme behind all our work—we must reduce population levels. Either governments do it our way, through nice clean methods, or they will get the kinds of mess that we have in El Salvador, or in Iran or in Beirut. Population is a political problem. Once population is out of control, it requires authoritarian government, even fascism, to reduce it....”“Our program in El Salvador didn’t work. The infrastructure was not there to support it. There were just too goddamned many people.... To really reduce population, quickly, you have to pull all the males into the fighting and you have to kill significant numbers of fertile age females....” “The quickest way to reduce population is through famine, like in Africa, or through disease like the Black Death....” Thomas Ferguson, State Department Office of Population Affairs

“In searching for a new enemy to unite us, we came up with the idea that pollution, the threat of global warming, water shortages, famine and the like would fit the bill.... But in designating them as the enemy, we fall into the trap of mistaking symptoms for causes. All these dangers are caused by human intervention and it is only through changed attitudes and behavior that they can be overcome. The real enemy, then, is humanity itself.” Alexander King, Bertrand Schneider – Founder and Secretary, respectively, The Club of Rome, The First Global Revolution, pgs 104-105, 1991

“A cancer is an uncontrolled multiplication of cells; the population explosion is an uncontrolled multiplication of people.... We must shift our efforts from the treatment of the symptoms to the cutting out of the cancer. The operation will demand many apparently brutal and heartless decisions.” Stanford Professor ” Paul Ehrlich in The Population Bomb

But that’s not all!! How about this shocking video that surfaced on the Defense Intelligence Agency (DIA) Website back in 2014. What astonishes me about the video is the fact that it openly promotes depopulation and further states that they are taking actions to prevent more people from populating the earth. Then they show images of bombs and chaos. I believe you’ll find the promotion of such a video frightening!
The only positive I see in the video is the fact that the government is now openly admitting their agenda to kills thousands-to-millions of people. Why they think that is acceptable is beyond me.

Here is the Video in its entirety without my dialogue taken directly from www.dia.mil:

At the United Nations Biodiversity Assessment on Sustainable Human Population; US Senate September 9, 1994:

“A reasonable estimate for an industrialized world society at the present North American material standard of living would be one billion people. This must be implemented within 30-50 years, 2/3’s of the population must be cut.”

“The UN says property rights are not absolute and unchanging, but are there for the convenience of whatever government wants to do.” – Michael Coffman

“Nobody owns biodiversity, so everything we do impinges on biodiversity. Property rights become meaningless. At the Rio De Janeiro Summit it was decided that the Global Environmental Facility would be the depository of all property rights.” – Michael Coffman
