Biofeedback is a Part of Medicine

The key word at the Heart of Biofeedback Medicine is "RESPONSIBILITY". From the first moment the Therapist does a Lifestyle inventory of the Behaviors that can Suppress and or Obstruct the Natural Curative force in a Patient's Body until the end Biofeedback Therapy shows that the Patient can indeed Control their Body with their Consciousness and Will Power, the Whole and Wholistic Biofeedback Process Instills "RESPONSIBILITY".
Here is a list of Eductor Medical Claims that have been OKed by the CE Mark and other regulators:

1. SOC - Stress, Behavior and Lifestyle Questionnaire and Risk Analysis
2. EEG - Dual channel for Bi-hemispheric comparison
3. GSR - Quadrant measures to guide Physiological Therapy
4. EMG - Quadrant measures to guide Physiological Therapy and Muscle Resonance
5. ECG - Heart Rate and Heart Pulse Amplitude Variability
6. TVEP (Transcutaneous Voltammetric Evoked Potential) or, EPR (Electro-Physiological Reactivity). This is the ability to measure a person's reactivity to the QQC Voltammetric electro signatures of isodes, afferdose, nosophes, and sarcoodes
7. VARHOPE this measuring the basic body electrical factors of Voltage, Amperage, Resistance, Hydration, Oxidation and others of the body all registered on the FDA 510K as well as you see from the second excerpt
8. VARHOPE correction, Thru trickle charge electro-stimulation we can fix the body electric factors, and enhance Sport performance
9. EWH - this is Electro-Wound Healing for stimulating repair of injured tissue
10. Electro-Acupuncture is OKed in our Clinical Evaluation
11. CES - Cranial Electro-Stimulation is fully OKed for Migraine, Stress, Insomnia, Addiction, Anxiety, Depression
12. MTENS - Micro-current-transcutaneous-electro-nerval-stimulation for PAIN therapy

Human Sexuality is a Source of Stress, Tension and Disease. With new Quantum Biofeedback we are sensitive to these issues and we try to reduce the stressors and use as natural means possible. But when needed the medical supervision might need to use drugs and or surgery if needed and 'There is a Time for All Things under Heaven'.

When Natural Medicines and Lifestyle Fail then use Prescription Drugs.
SCOPE OF PRACTICE

A Biofeedback Therapist must have a fundamental understanding of the physiological and psychological relationships between presenting problems and the causal and physiological dysfunction causing or contributing to them. A Biofeedback Therapist can help a patient deal with stress or lifestyle concerns. They can provide Lifestyle advice, relaxation training, muscle toning reeducation, meditation, exercise, networking, stress adjustment, and other OTC safe and evidenced based drugless therapies. Biofeedback therapists treat patients with any concern, but they do not treat or diagnose Diseases directly. Biofeedback therapists need to work within the medical system and with other clinicians for safety and professionalism.

Biofeedback Therapists work to achieve insight into reducing the causes of disease, insight into triggers of suffering, insight into finding networks for good communication and insight into developing Wellness. They must know how to perform a good competent psychophysiological recording and to increase networking skills, self-awareness and responsibility of a patient. The therapist must be able to make reports.

Quantum Biofeedback Therapists must be aware of how VARHOPE and TVEP EPR reactions can be used and how the body electric responds to rectification.
Dr Selye found that Accumulated Stress Weakens the Immune and Nervous Systems so all Diseases become more Prevalent. Everyone in the World knows that Accumulated Stress Causes and or Aggravates all Diseases and By Reducing the Stressors of Life we can Improve our Health and Wellness. Biofeedback thus becomes a very Integral and Important part of Medicine.

The Future of Medicine

János (Hans) Selye (Hungarian: Jan 26, 1907 – Oct 16, 1982) was a pioneering endocrinologist. He conducted the very important scientific work on the hypothetical non-specific response of an organism to stressors. He was the first to demonstrate the existence of biological stress and how accumulated stress is the major cause of disease. His Genius was inspirational and he is referred to as the Einstein of Medicine.
Your Attitude Determines Your Altitude

“There is Nothing so terrible as Activity or Life without Insight”
Johann Wolfgang von Goethe (German poet)

BIOFEEDBACK
develops
INSIGHT

“Energy and Persistence conquer all things.” – Benjamin Franklin

Personal development of insight is the process of achieving and expanding your full potential. Dream big, develop yourself, unleash your potential, play well with others, play to your strengths, enjoy the process, share your unique gifts with the world, and grow your greatness by testing yourself, listening to your deeper nonverbal body electric, expanding yourself, learning and improving ...

Personal Development of Insight is a Journey, NOT a Destination.
The Educator helps you to interface with your unconscious to develop insight by interfacing with the body electric
Eductor has a 2nd + 3rd Wave form Generator

With Quantum Biofeedback We can Deepen Meditation by Using ETM which is Electro-Transcendental Meditation. People can Attain Faster Results with More Mental Control, Less Effort, Relaxed Peace and Aware Enthusiasm
Using the computer's headphone and microphone jacks we can first analyze the patient's voice patterns for energetic disturbance and then choose sound files for relaxation, healing or energy. The music is sent into the body thru the headphones and a magnetic field generator. A magnetic field detector then receives the signals from the body establishing a cybermagnetic loop. The computer can then change the music to help the patient's body electric.

The Cybermagnetic Chair can be purchased with the zero gravity chair you see for 1200 extra, or with the simple back cybermagnetic pads to put on your own chair for 5,000 euro with the QT software included. This system can operate independently or interface with your QXCI, SCIO, Indigo or Eductor.
pictures on China, AC Milan, San Antonio spurs, Dennis Johnson

The first sport study with the Quantum Xroid technology was on members of the Cleveland Browns football team in 1988. The results were amazing and all of the participants went all Pro over the next five years. Having worked with the power lifting team of Hungary in 1991 they went from moderate to gold medal performance.

AC Milan bought some systems and their injury level dropped 91%. This was because the system can stimulate and accelerate healing of injured tissue. They asked for us to develop the device to sharpen the athletic skills of the clients. With this in mind we developed a way to sharpen coordination endurance and strength. AC Milan won the European championship the next two years. We worked with Dennis Johnson ex twice NBA MVP in the San Antonio Spurs system. The results were amazing.

The Chinese Olympic team had us do a study. Out of their 487 athletes in the 2008 Olympic Games, they assigned 150 of the sick, old, weak, and tired to us. The study was to see if we could repair injured tissue and get an athlete back onto the field. The results were astounding. Out of the hundred medals won by the Chinese our 30% of the injured performers won 33% of the medals. Our athletes were not supposed to win. And because of this Desire’ was awarded an honorary Gold medal.

Sports medicine has entered the energetic arena. There are those who want to win and they differ from those who want to conform.

Some of the best cyclists in the world have used the SCIO to win championships.

Healthy membrane potential and adequate body voltage makes all of the functions of the cell work better.

Low Body Voltage leads to weak membrane potential, weak osmosis, trapped toxins, premature aging, and increased susceptibility to virus.

Eductor and SCIO Technology

Factors that influence the body voltage and membrane potential are fatty acids in the cell membrane, minerals, especially salts, hydration water, oxygenation, stress, toxins and lifestyle.

The SCIO has been proven in tests to increase the electrical potential of the body. Increased cellular membrane potential makes osmosis increase, which increases detoxification, nutrient transfer and absorption, hydration, oxidation, and all cellular functions in general.

The Scientific Results are in, the SCIO Works
Published in an ISSN Peer Reviewed Medical Journals

The SCIO will improve the body electric VARHOPE by five% as an average after just one session. The AutoFocusing Harmonic therapies of the Cybernetic Loop of measuring, stimulating, re-measuring, all guided at maximizing the body electric potential will improve your body electric by an average of five%. Improvements of Voltage, Amperage and thus power. Improvements of Resistance and Hydration that means improved enzyme and osmosis transfer of nutrients and detoxification. Improvements in Oxidation meaning more endurance. And improvement in Ph meaning more health. No wonder there are a mile long list of testimonials. Now we can understand why the sport athletes get such great results. A five% improvement is a great edge for a professional sportsman. The patented and proprietary process of the SCIO and QOC have been proven on the world scientific stage to work wonders of improving and stabilizing the body electric.

Australian researchers have come up with a non-invasive ultrasound technology that clears the brain of neurotoxic amyloid plaques - structures that are responsible for memory loss and a decline in cognitive function in Alzheimer’s patients. If a person has Alzheimer’s disease, it’s usually the result of a build-up of two types of lesions - amyloid plaques, and neurofibrillary tangles. Amyloid plaques sit between the neurons and end up as dense clusters of beta-amyloid molecules, a sticky type of protein that clumps together and forms plaques.

**Budapest Researchers have seen improvement on Human Subjects with safe low level ultra sound combined with magnetic and electronic stimuli to assist the sonic vibratory process to break up plaque.**

People have been interested in personal development throughout history. But, what is interesting is what is happening today. Never in history has there been as much interest in personal development and self help material as there has been in all history!

Before the printing press was invented by Gutenberg being into self help was not what almost all of the people were interested in. In those times it was difficult to find places or people with good personal development information.
