Biofeedback is a Part of Medicine

The key word at the Heart of Biofeedback Medicine is "RESPONSIBILITY".
From the first moment the Therapist does a Lifestyle inventory of the Behaviors that can Suppress and or Obstruct the Natural Curative force in a Patient's Body until the end Biofeedback Therapy shows that the Patient can indeed Control their Body with their Consciousness and Will Power, the Whole and Wholistic Biofeedback Process Instills "RESPONSIBILITY".

Human Sexuality is a Source of Stress, Tension and Disease. With new Quantum Biofeedback, we are sensitive to these Issues and we try to Reduce the Stressors and Use as Natural means possible. When Natural Medicines and Lifestyle Fail then use Prescription Drugs
A Biofeedback Therapist must have a fundamental understanding of the physiological and psychological relationships between presenting problems and the causal and physiological dysfunction causing or contributing to them. A Biofeedback Therapist can help a patient deal with stress or lifestyle concerns. They can provide Lifestyle advice, relaxation training, muscle toning reeducation, meditation, exercise, networking, stress adjustment, and other OTC safe and evidenced based drugless therapies. Biofeedback therapists treat patients with any concern, but they do not treat or diagnose Diseases directly. Biofeedback therapists need to work within the medical system and with other clinicians for safety and professionalism. Biofeedback Therapists work to achieve insight into reducing the causes of disease, insight into triggers of suffering, insight into finding networks for good communication and insight into developing Wellness. They must know how to perform a good competent psychophysiological recording and to increase networking skills, self-awareness and responsibility of a patient. The therapist must be able to make reports.

Quantum Biofeedback Therapists must be aware of how VARHOPE and TVEP EPR reactions can be used and how the body electric responds to rectification.

What's Best for You ?????
Dr Selye found that Accumulated Stress Weakens the Immune and Nervous Systems so all Diseases become more Prevalent. Everyone in the World Knows that Accumulated Stress Causes and or Aggravates all Diseases and By Reducing the Stressors of Life we can Improve our Health and Wellness. Biofeedback thus becomes a very Integral and Important part of Medicine.

János (Hans) Selye (Hungarian: Jan 26, 1907 – Oct 16, 1982) was a pioneering endocrinologist. He conducted the very important scientific work on the hypothetical non-specific response of an organism to stressors. He was the first to demonstrate the existence of biological stress and how accumulated stress is the major cause of disease. His Genius was inspirational and he is referred to as the Einstein of Medicine.
Personal development of insight is the process of achieving and expanding your full potential. Dream big, develop yourself, unleash your potential, play well with others, play to your strengths, enjoy the process, share your unique gifts with the world, and grow your greatness by testing yourself, listening to your deeper nonverbal body electric, expanding yourself, learning and improving...

Personal Development of Insight is a Journey, NOT a Destination.
The Eductor helps you to interface with your unconscious to develop insight by interfacing with the body electric.

Cybermagnetic

Using the computer's headphone and microphone jacks we can first analyze the patient's voice patterns for energetic disturbance and then choose sound files for relaxation, healing or energy. The music is sent into the body thru the headphones and a magnetic field generator. A magnetic field detector then receives the signals from the body establishing a cybermagnetic loop. The computer can then change the music to help the patient's body electric.

The Cybermagnetic Chair can be purchased with the zero gravity chair you see for 1200 extra, or with the simple back cybermagnetic pads to put on your own chair for 5,000 euro with the QT software included. This system can operate independently or interact with your QXCI, SCIO, Indigo or Eductor.

People have been interested in personal development throughout history. But, what is interesting is what is happening today. Never in history has there been as much interest in personal development and self-help material as there has been in all history!

Before the printing press was invented by Gutenberg being into self-help was not what almost all of the people were interested in. In those times it was difficult to find places or people with good personal development information.
