At the beginning of the article, there is a photograph of a graduating class from Semmelweis Medical University, advanced work in Energetic Medicine, the instructor is Dr. Nelson, Professor of Natural Medicine, Budapest 1996.

During Communism all of alternative medicine was illegal. Medical arts like acupuncture and homeopathy were prohibited. Hungary like other countries made laws that a medical art could only be legal if it was taught in a qualified medical school. Most of Homeopathy has been presented without any science behind it. When the Hungarian doctors saw my scientific teaching of homeopathy they invited me to be the first professor of medicine to teach homeopathy. I taught an off campus postgraduate medical course at Semmelwisse University for several years. This made homeopathy legal in Hungary. When Japan called homeopathy into question I was invited to Okinawa to address a government function on the science of homeopathy. There are ignorant people who ignore the science of homeopathy. But all who take the time to stop ignoring and interact with Desire’ the truth of homeopathy is accepted. Here is science to review:

Let's Look into the Evidence on Homeopathy

Desire' Fights FDA to Save Acupuncture
From 1800 to 1890 Homeopathy Flourishes around the World and in America. Before + During the Civil War there are more Homeopathic Hospitals in the US than Apathatic. After the Civil War there is a Flu outbreak in America. 10,000 + patients go Homeopaths and 98% of them LIVE. 10,000 + patients go to Apathaths and 97% of them DIE. Homeopathy was Flourishing.

Two Decades of evidence based research on Homeopathy, Naturopathy + Energetic Medicine
Okinawa for a Lecture on Energetic Homeopathy

in 2005 Japan tried to end Homeopathy. Desire' was asked to come to Okinawa to give an address that later saved Homeopathy in Japan here is an Abstract:

Homeopathy is a fine and professional art but a lack of respect for science has weakened the profession. Many homeopaths never use a real homeopathic they are sold devices that have no validity and falsely make a sugar pill's supposed energy enhanced. These Alternative Medical people are mostly math-phobic and cannot really understand when they are being sold something that is not really tested. They do not know how to evaluate a study from opinion, test group or dbl blind. Alternative medicine has many many charlatans, fakers, liars, backstabbers, and frauds. These people are the ones who hate me the most. For I have spent my life doing statistics, math, testing, validation, research, and compliance. In my presentation today I will expose several of the charlatan tricks some alternative people use like muscle testing, point probes, and duplicators.

There is a battle raging in the world of entertainment. The Ultra Rich retain their small minded army to stop the message by stopping the messenger.

THE MAN WHO LEFT AMERICA TO FIND FREEDOM...
...WHO IS NO LONGER A MAN.
AN ANGEL IS OFTEN JUST A MESSENGER.
This Angel is a Messenger of personal and mental freedom. But there are those that are afraid of freedom, especially mental freedom.
The Ultra Rich retained their small minded army to stop the message by stopping the messenger.

Desire’ Dubounet wrote a book in 1985 that proved that ‘a SINthetic anything is an insult to the body’. This made the largest financial force on the planet the SINthetic Drug (Big Pharma) very angry. Desire’ took Harry S Truman to court posthumously for the War Crimes of dropping bombs on innocent women and children. Desire’ broke up an international pedophile ring catering to the Ultra-Rich. In fact Desire’ constant attacks and expose’ of the Ultra-Rich has made her a target. The FDA rouge agents in 1995 trumped up charges against Desire’ to stop her 510k from registering Acupuncture needles as medical devices. In 1996 Federal Judge Matsch made the FDA drop their case. Two weeks later the restrictions lifted on her 510k, acupuncture needles were made real medical devices in the USA as Desire’ had defeated the FDA rouge agents.

Desire’ now faces the same charges again. And the FDA wants her arrested and put into jail to torture her to confessing to a crime she did not commit. It seems that human rights in America are a bit shaky to allow such torment to exist.

SO TO END DEGENERATIVE DISEASE
we must

1. Make Big Tobacco pay for the damages they incur
2. Must stop sales of cigarettes
3. Make Big Sugar pay for the damages they incur
4. Make Big Pharma pay for the damages they incur
5. End Allopathic philosophy and develop a new stressor reducing based medicine
6. Avoid Bad white processed sugars. Eat Good Sugars from fresh fruit, Avoid bad oils cooked or saturated. Eat good oils from fresh and raw vegetable and uncooked low temperature made oils.
8. Safe forms of early intervention medicine such as energetic biofeedback
9. Recognize the powers of the mind such as in the EPFX/SCIO system.
10. Recognize the need for an energetic medicine to safely evaluate the body electric and balance the aberrations of the body electric. We need to use a more modern medicine utilizing the body electric without emphasis on synthetic chemistry.
11. Recognize that the SINthetic experiment has failed and we should be using the synthetics only in extreme cases when the natural remedies fail. Quantum Electrodynamics has further proven the problem of synthetic chemistry.
12. Allopathy does not work, we must adapt a safer and more extensive theory of medicine.

With these social changes degenerative disease could be so greatly reduced to allow for an inexpensive medicine.
